

Made in JAPAN

NEODRINK[®]-C

The vegetable oil made from oil palm!

Medium Chain Fatty acid

Rapid energy supply to calf!!

■ Feature ■

NEODRINK-C is made of the medium chain fatty acid that quickly becomes energy.

It is said that its speed of digestive absorption is four times faster than long chain fatty acid.

And its speed of changing to energy is ten times faster than long chain fatty acid.

Then it contain vitamin A, D3, E, β -carotene and tocotrienol, it's a kind of vitamin E.
